

Classes are now available at the Library **Tuesdays through Fridays** on the uses and operation of a 3D printer.

We can offer smaller classes or a large intro class or even one-on-one classes.

All for free!

I'd like to show everyone you don't have to be a techie to create in Makerspace!!

**Charles Meyer**  
Library Technician  
Charlotte County Community Services Department

Interested people just have to email me at [Charles.Meyer@charlottecountyfl.gov](mailto:Charles.Meyer@charlottecountyfl.gov) or leave me a voice mail at 941-681-3787 and we can work out a day/time to set them up for a one-on-one session or class from Tuesday through Friday.

It's best to consider 2-3 days of day availabilities with afternoons better than mornings.
